

NEON

by Mini

Neon, by Mini.

There's simply nothing to match that style. Striking, yet sophisticated. In shimmering Nordic Blue, set off by gleaming chrome. Dressed to take you anywhere, from the boutique to the nightclub. With the dash and agility to outsmart the queues and snap up that last parking space. And a thirst so small it'll leave you with pounds to spare.

That cool elegance continues inside. With seats trimmed in soft velour. A tastefully colour-keyed interior. And a high quality digital radio and twin speakers to keep you entertained. Whilst detail touches such as that distinctive steering wheel logo remind you that there's nothing like the Neon by Mini. And nothing to equal your sense of style. Isn't it time you got together?
