# MINI SIDEWALK

---

You can take a Mini  
anywhere. The Mini  
Sidewalk has the style to  
take you where you want  
to go.

[MinipassionMini.com](http://MinipassionMini.com)

## STYLE IS ON THE MOVE

---

The Mini Sidewalk. Because style is about more than the way you dress. Drive it, and you won't just look good. You'll feel good too.

Choose the look. It comes in Kingfisher Blue or Charcoal metallic (at no extra cost). Or cool White Diamond. The Mini Sidewalk is unique, from the bonnet badge to the special decals.

The steering wheel bears the exclusive Mini Sidewalk badge.

It looks just as good inside. The custom-designed Blue Tartan trim suits the Mini Sidewalk as much as it will suit you. Red seat belts add a bold contrast. The exclusive steering wheel badge won't be found on any other Mini.

Music? Of course. The electronic stereo radio/cassette player is not an extra cost option. And the sound quality is more than 'standard'.

Because the Mini Sidewalk is something of a collector's item, it's well-protected against the wrong kind of collectors. The remote control alarm system has an engine

immobiliser with passive arming. Which means that, even if you forget to set the alarm, the system won't forget to immobilise the engine. You probably won't forget to protect one of your most precious possessions, but it's nice to know that the designers thought about it.

They also made sure that the Vehicle Identification Number is etched into the windscreen, and the security-coded in-car audio system is Rover-branded, sending a clear 'hands off' message to the light fingered.

Drive it. Enjoy the 1275cc engine with single point fuel injection (and catalyst, naturally). And discover the feel of a car that knows what it's doing. Decades of out-cornering far more powerful rivals in races and rallies still count. Nothing else handles like a Mini.

Nothing else comes close to the Mini Sidewalk. Drive one soon.

The unique Blue Tartan trim is extrovert and stylish.

The alarm system includes an engine immobiliser with passive arming.

Your style is your own.  
What else could you drive  
but the Mini SideWalk?
