

**Do miracles with  
your Mini**

Alec Issigonis' Mini was a revelation in the early days. With competition successes to prove it.

Fifteen years on, it still is. With Leyland ST you can do miracles with your Mini.

ST's hardware and specialist knowledge can uprate your Mini's engine, roadholding and safety to full race or rally trim. Or just as far as you want to go.

The basic 'A' Pluspac works wonders for acceleration, top speed and engine efficiency. Without losing your British Leyland new car warranty.

You can fit ST's tried and tested parts to any British Leyland car yourself or leave it to the experts at your local ST appointed distributor.

Either way you can do miracles. Send us the coupon and we'll tell you how it's done.
