Top rally drivers again prove that Dunlop SP Radials take first place

 Dunlop SP radials are the tyres rally drivers prefer, the ones they use, the ones they win on. Follow the lead of the rally experts and fit them to your car—for extra safety, extra car 'control', extra mileage. SP41, the modern all-purpose radial; SP41HR radial for cars capable of 125 mph or over; SP44 radial for the worst of winter conditions. And the SP3, for those who prefer a particularly rugged radial for rallying.

1st T. MAKINEN/P. EASTER
B.M.C. Mini-Cooper 'S'
3rd L. B. NASENIUS
F. SAGER
Opel Rekord
