

The John Cooper 'Sⁱ' Pack

The Mini Cooper S continues to be a great success Mini-Worldwide.

The 1275 'S' Pack has definitely put the S back to the future.

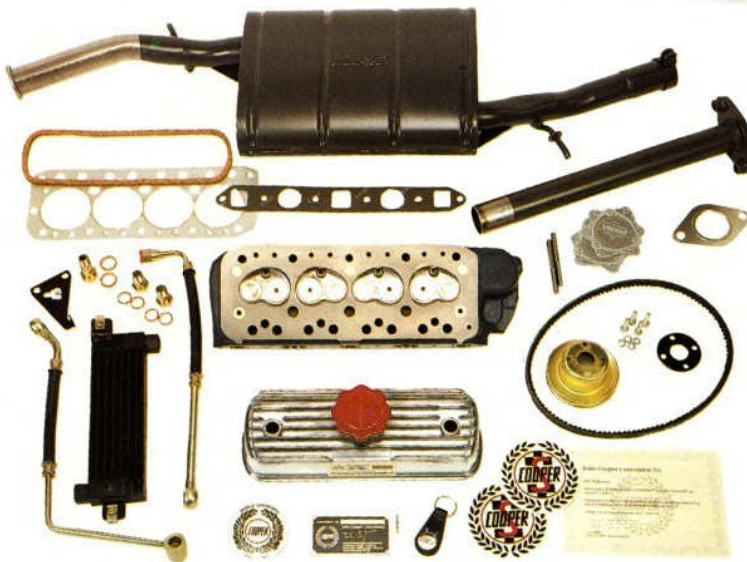

Now with the full support and seal of approval from Rover, John Cooper offers the new John Cooper 'Sⁱ' Pack, an engine performance kit for your new Mini Cooper 1.3 i. An after market conversion incorporating all the components to convert your injection Mini Cooper into an evergreen Mini Cooper S for the Nineties.

Like its famous Sixties predecessor all the thrills and excitement remain.

With the 'Sⁱ' Pack fitted, power together with torque, are increased by an incredible twenty per cent over the standard 1.3 i, taking the 'Sⁱ' from 0-60 mph in just over 10 seconds.

The new John Cooper 'Sⁱ' Pack is available for straightforward fitment at either your local Rover Dealer or at John Cooper's own workshops and at £650.00 plus fitting and VAT... the legend continues.

The 'Sⁱ' Pack shown above contains everything needed to convert your Mini Cooper 1.3 i to a fully fledged Mini Cooper S, in spirit and in name.

John Cooper Accessories for Car and Driver
