

Read what these internationally famous drivers said about the

MORRIS MINI-COOPER . . .

RODGER WARD—"This was my first time in the car. It's a bit little for me but can it go. I think it is great fun." (Above)

JUAN FANGIO—"I drove the Cooper at Limerock and found it a fantastic little automobile. At Mosport I had more fun in the Mini-Cooper race than I have had since I returned. It is a car with terrific handling qualities and I am only sorry I don't have them in the Argentine." (Above)

PEDRO RODRIGUEZ—"This is my third race for BMC in the Coopers and the more they ask me to race them the more I will. They are splendid. I have bought one now and will race it in Mexico." (Left)

INNES IRELAND—"Good fun car. Any clot could drive it and win a race and any clot could drive it on the highway and have fun. And its strong too." (Right)
